

GLASS & MIRROR CLEANER 750ML

Professional Quality Aerosol Cleaning Agent

Description

Professional quality, sprayable cleaning agent that provides a spotless streak-free finish. A high yield formula with foaming action that provides excellent coverage. Dries quickly without leaving any streaks. Suitable for cleaning most types of glass, mirrors, plastics and other hard surfaces.

Application Method

Hold the bottle upright approximately 15 to 25 cm away from the surface to be cleaned. Spray lightly onto the surface. Wipe immediately using a suitable clean, soft, absorbent and lint free cloth for a bright sparkling clear finish.

Features & Benefits

- High yield
- Foaming action
- No streaks
- Non-drip

High yield cleaning liquid with foaming action. The 750ML canister foams up to produce the equivalent coverage of 10L:
